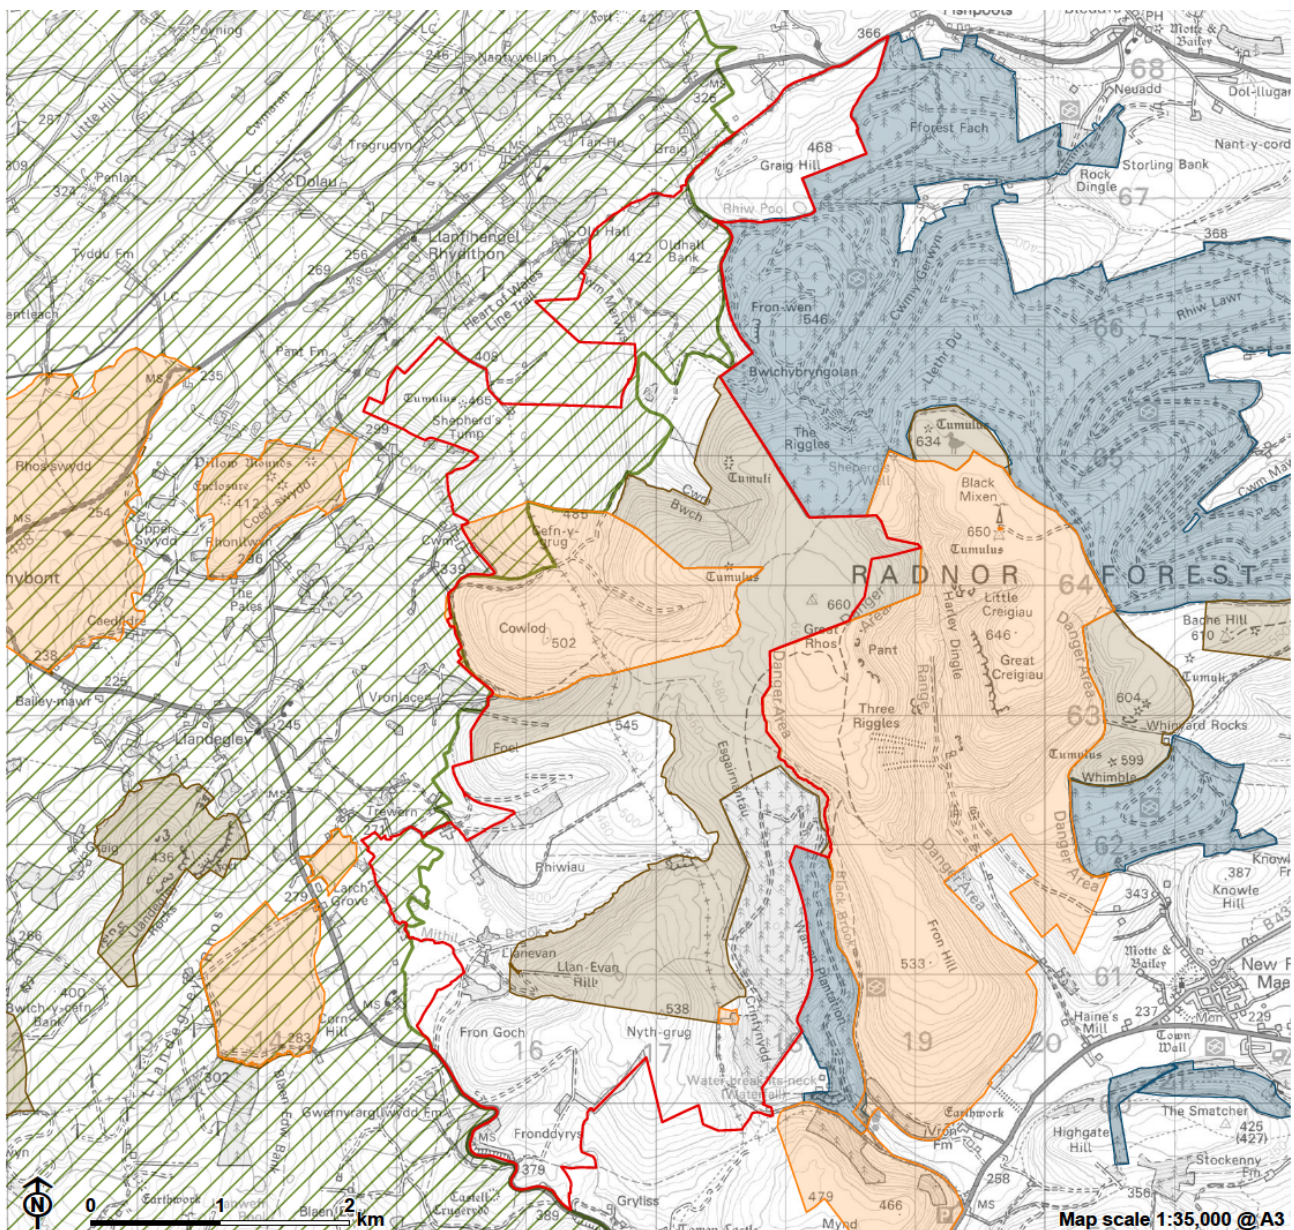

Figure 4.13: Open Access Land and Pre-Assessed Area for Wind Energy

-  Application Boundary
-  Pre-assessed Areas for Wind Energy
- Open Access Land**
-  Common Land
-  Open country
-  Public dedicated forest

In “FUTURE WALES” Policies 17 and 18 outline the criteria and constraints for permitting renewable energy projects.

FUTURE WALES map of pre-assessed areas shows where the Welsh Government has found the landscape “capable of accommodating” development “in an acceptable way.

Three quarters of the red-lined Nant Mithil site is outside the “pre-assessed area” marked in green hatching.

Find the Figures and general description in Chapter 4 of the Environmental Statement
